WHEREAS –

A. Canara Engineering College(CEC), established in the year 2001 as a new millennium project of Canara High School Association, in the sprawling campus of 26 acres of pristine natural beauty at Benjanapadavu, Mangalore has now grown as a promising engineering institution with distinction in the coastal region of Karnataka, India, where values and technology converge! The lofty dream of our founder, Late Sri Ammembal Subba Rao Pai, of providing quality education to the needy student community at affordable costs, is being realized today at CEC, through well qualified and motivated faculty, state-of-the-art infrastructure and distinguished learning-centric facilities.

B. LEXTRIA Research is a global IP research and analytics company with a focus on Intellectual property protection, enforcement, and commercialization. Founded and run by professionals, it is our endeavour to make available the power of intelligence in the furtherance of R&D. We excel in conducting research in intellectual property including non-patentable subject matters (gray areas), Geographical Indication (GI) filing of Indian GI products, Trademark trends and to support this multi-disciplinary research along with basic IP enabled. The company places a premium on transparency and high-quality legal advice at competitive costs with the commitment of the highest ethical and confidentiality standards. We have a proprietary workshop mode-based patent and paper preparation model and have enabled the same model to train 1000+ participants.
