Re: Quotation

Dear Mr. Aniruddh Ajila,

Thank you for reaching out to Lextria Research ("Firm" or "we" or "us" or "service provider") as your Patent and legal service provider. We are pleased to welcome you ("Client" or "you") and look forward to a mutually rewarding engagement.

SCOPE OF WORK

Company Name Change

EdventureX Private Limited → EdvergenceX Private Limited

Current Registered Name	EdventureX Private Limited
Proposed Name	EdvergenceX Private Limited
Document Type	Scope of Work — Name Change Engagement
Prepared By	Lextria Research
Date	27th April 2026

1. Background & Rationale

EdventureX Private Limited is at an exciting stage of growth. The Company is planning significant investments in digital marketing, brand building, and establishing a strong network and goodwill in the market. To support this vision, it is essential that the Company operates under a name that is distinctive,

ownable, and free from any market confusion.

Currently, multiple businesses and domains are already operating under the name "EdventureX" across various platforms and geographies. This creates a real risk of brand dilution, consumer confusion, and potential disputes — all of which could undermine the Company's marketing investments and long-term brand equity.

The proposed new name, EdvergenceX Private Limited, is a deliberate and strategic choice to establish a unique digital and commercial identity that the Company can build, protect, and grow without interference.

This engagement covers the end-to-end process of effecting this name change in a legally compliant and timely manner under the Companies Act, 2013.

2. Scope of Work

Step 1 — Document Collection & Review

We will obtain the Memorandum of Association (MOA), Articles of Association (AOA), Certificate of Incorporation, and all other incorporation documents from the Company. These will be reviewed carefully to understand the specific clauses governing name change procedures, notice periods, quorum requirements, and special resolution thresholds as prescribed in the AOA. This step ensures we have a complete picture before initiating any filings.

Step 2 — Due Diligence & Compliance Check

Before initiating any application with the Registrar of Companies (RoC), we will conduct a thorough review of the Company's books of accounts, filed returns (income tax, GST, MCA), and overall compliance status. The objective is to proactively identify and resolve any outstanding compliances or dues that could trigger queries or objections from the Ministry of Corporate Affairs (MCA). This step significantly reduces the risk of delays in the name change process.

Step 3 — Board Meeting & Board Resolution

A duly convened Board Meeting will be held in accordance with the Companies Act, 2013. The Board will pass a resolution recommending the name change and

authorising the convening of an Extraordinary General Meeting (EGM) to seek shareholder approval. All notices, minutes, and supporting documentation will be prepared and maintained as required.

Step 4 — Name Application & Reservation

We will file the RUN (Reserve Unique Name) application with the Registrar of Companies via the MCA portal to formally reserve the name "EdvergenceX Private Limited." In the event the RoC raises any queries or seeks clarifications, we will respond at the earliest to ensure the name is reserved without unnecessary delay.

Step 5 — Domain Blocking & Locking

The moment the proposed name is approved by the RoC, we will act immediately to identify and register all relevant domains for EdvergenceX Private Limited. This is a time-critical step — once the name becomes public, there is a real risk of third parties registering the domain and holding it for ransom. Protecting the digital identity of the brand at this stage is essential, especially given the Company's planned investment in digital marketing. Domain cost will be charged at actuals.

(Triggered immediately upon name approval)

Step 6 — EGM Notice, Special Resolution & Other Documents

A formal Notice of Extraordinary General Meeting will be issued to all members with a minimum of 21 clear days' notice, or such longer period as stipulated in the AOA. The EGM will be conducted, and a Special Resolution will be passed under Section 13 of the Companies Act, 2013, approving the change of name. All EGM minutes, attendance records, and statutory documentation will be prepared and maintained.

Step 7 — Preparation of Amended MOA & AOA

Following shareholder approval, we will draft the amended Memorandum of Association and Articles of Association, substituting "EdventureX Private Limited" with "EdvergenceX Private Limited" across all relevant clauses. The amended documents will be prepared in full compliance with the prescribed format under the Companies Act, 2013.

Step 8 — Form Filings — MGT-14 & INC-24

We will file the following statutory forms with the MCA within the prescribed timelines:

- **MGT-14 — Filing of the Special Resolution passed at the EGM**
- **INC-24 — Formal application for RoC approval of the name change**

Any queries or requisitions raised by the RoC on these filings will be responded to promptly to obtain the fresh Certificate of Incorporation in the new name at the earliest.
